Newest Version of Purekey's Hygienic Keyboards form Productive Practices

Productive Practices is pleased to offer Purekey's Hygienic Keyboard with the Touch Pad, available through your preferred dealer. The key new feature is the build in Touch Pad eliminating the need for a mouse. The keyboard offers 100% flat surface, making it easy to clean. Real scissor type keys with excellent tactile key response with a Dedicated Clean Key to quickly disable input during cleaning procedures. The flat top surface is made of a high-grade silicon rubber and can be cleaned with any Dental/Hospital grade disinfectant. With cleaning time less than 5 seconds, best practice to clean between patients can be easily achieved.
